EXPERIENCE

BROADCAST MANAGEMENT GROUP

2020-2024

Las Vegas, NV – **Director of Broadcast Operations**

- Spearheaded the daily technical operations of an 11,000 sq ft broadcast center.
- Engineered and optimized remote production workflows (REMI), ensuring seamless integration of global equipment and personnel.
- Engineer in Charge for numerous concurrent productions, showcasing my expertise in live broadcast management.
- Led a dynamic team of production engineers and technicians, fostering a collaborative and efficient work environment.

808 POST & PRODUCTION

2008 - 2020

Las Vegas, NV – **Owner, Production Executive**

- Provided expert consultancy and freelance services for Entertainment, News, and Sports projects.
- Oversaw as Executive Producer for RIDE Television Network's live sports broadcasts, demonstrating comprehensive production management skills.
- Executed a multi-year regional sports broadcast contract in Nevada, showcasing strategic planning and execution capabilities.
- Designed and supervised multiple OBVs and Television Remote Vehicles, emphasizing my technical proficiency.
- Managed technical projects for an international sports network, ensuring timely and budget-conscious execution.
